REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The applicant's arguments dated 20 December 2005, state that the claims require that, "the router is able to determine context for XML tags within an XML portion of a received message in order to select application operation to be performed, based on the context established during runtime execution of the application resource (Remarks: page 5)." This limitation distinguishes the applicant's claims from the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kyle R. Stork whose telephone number is (571) 272-4130. The examiner can normally be reached on Monday-Friday (8:00-4:30).
